WARRIOR & FAMILY SUPPORT MEMBER REGISTRATION

If a Veteran suffered a physical or mental injury, wound, or illness during their military service on or after September 11, 2001, they can register to access programs in areas like:

- Mental Health
- Financial Wellness
- Physical Health
- Peer and Community Connection

PROJECT ODYSSEY

**Empowers warriors to push beyond their known limits
and develop skills to discover their best selves**

Project Odyssey is a 12-week mental health program that uses adventure-based learning to help warriors manage and overcome their invisible wounds, enhance their resiliency skills, and empower them to live productive and fulfilling lives. Based on their unique needs, warriors can participate in an all-male, all-female, or couples Project Odyssey.

WARRIOR CARE NETWORK
